

KALOKALO KID'S MENU

WELCOME!

Our Australian Executive Chef, Lance Seeto, is no stranger to providing nutritious menus for children, after spending the past decade working in Australia's top family holiday resorts. His menus offer a choice of a 'la carte, buffet, all day pizzas, all day sushi and desserts—included in the Kid's Meal Plan.

Chef Seeto is also an authority on food allergies and organic eating, providing food that is not only fresh, but free of toxins and preservatives. Children with food intolerances also have gluten-free options including breads, breakfast cereals, pizza, pasta, dairy-free rice milk and soy milk, with our meats and seafood free of hormones, chemicals and genetic modification.

Our new Nuku Marau pool café, located next to Kid's Club, is especially designed for the kids with fresh-rolled sushi, burgers, toasted sandwiches and ice cream cones available throughout the day.

Kid's also love Chef's gluten-free Bolognese sauce, which is available for both lunch and dinner every day, and if your child needs special foods or blended vegetables, just let the kitchen know in advance.
